

Introduction to the Online Game Scheduler

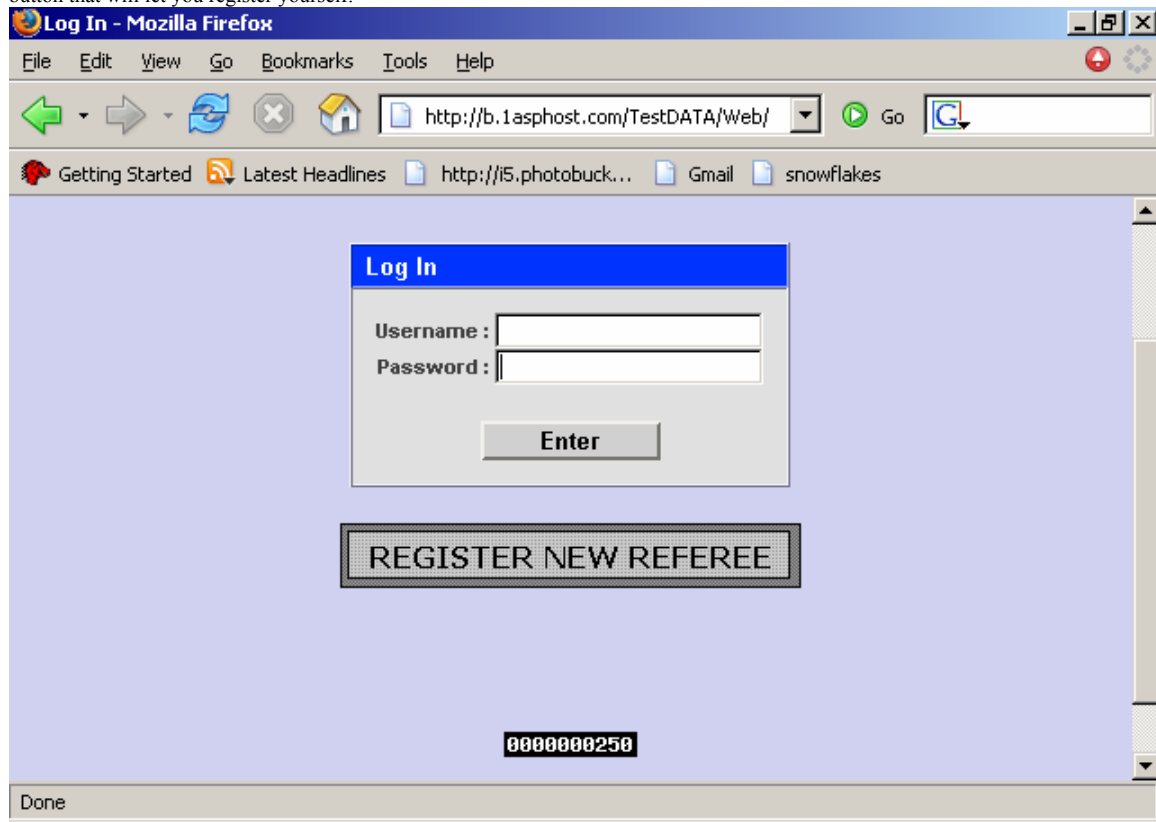

Developed by Eric Huynh

Online Game Scheduler-Version 1.1

July 2005

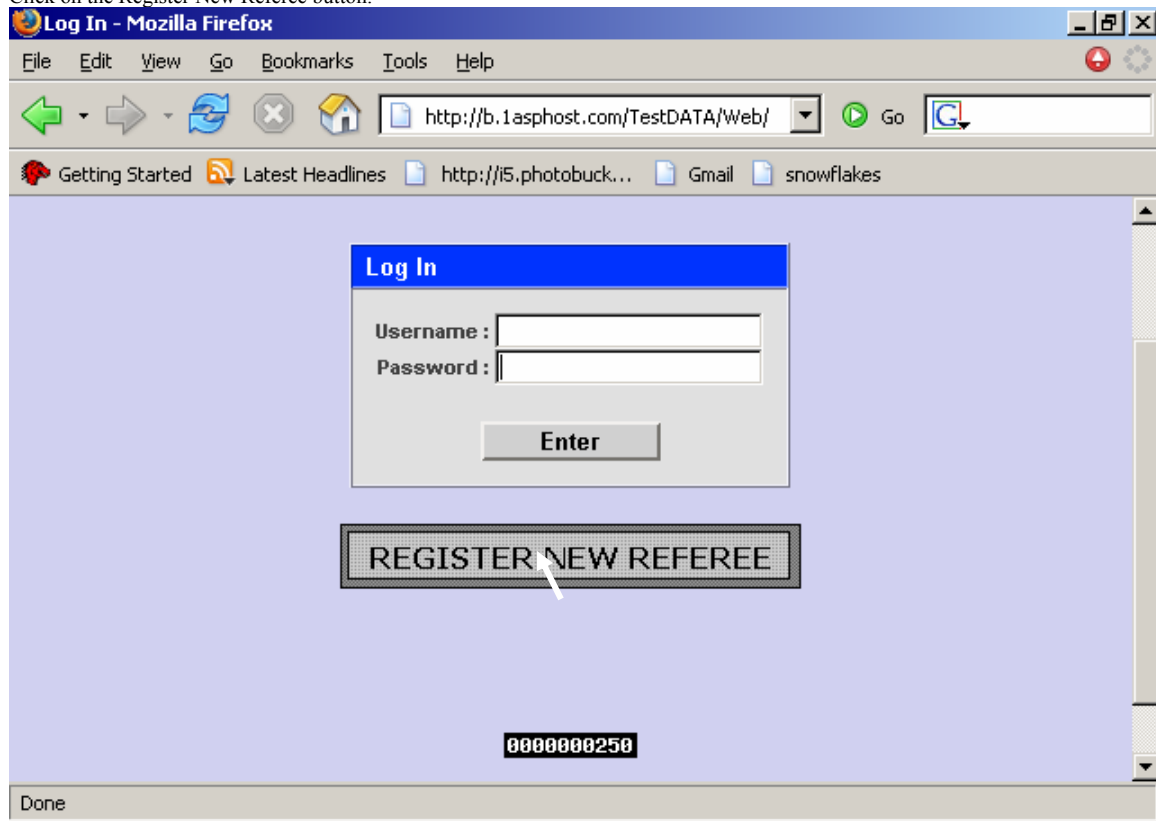

Logging In and Registering New Referee

You will be able to log in using your chosen username and password in the screen that is shown below. Also on the screen is the button that will let you register yourself.

Registering New Referee

Click on the Register New Referee button.

The following screen will appear. You will need to enter your full name: **First** and **Last**. You will then need to choose a **Username** at least 4 characters long. Next a **Password** needs to be chosen. It also needs to be at least 4 characters long. The password will need to be confirmed in the next field (so that a typo will not create an invalid account). The **Authorization Code** will need to be obtained from the **Administrator**.

Congratulations Some Referee! You have been successfully added to the Scheduler user database.

You will now be able to log in using your username and password.

Username:	Referee
Password:	referee

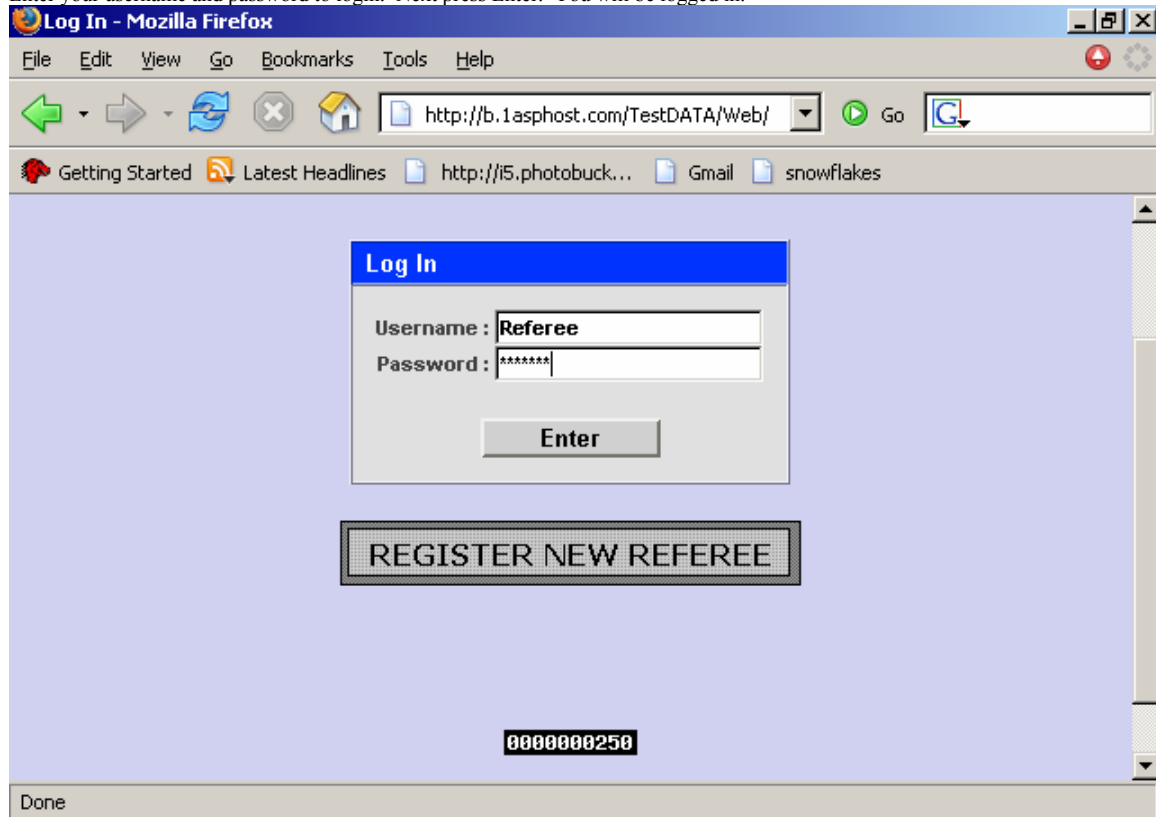

Close Print

Done

You will now be able to login using your Username and Password.

Logging In

Enter your username and password to login. Next press Enter. You will be logged in.

Using the Database

Viewing the Schedule

Once logged in you will see a page similar to the one below. This page lists the first 30 games for the whole season. Using the navigation buttons in the upper right hand corner can access the next 30 games. The single arrow buttons take you one page forwards or backwards. The double arrows take you to the beginning or the end of the list.

Week # : Date : Time : Age Division : Location : Center Ref : Assistant Ref-1 : Assistant Ref-2 :

Showing 1 of 7 Pages (190 records total)

Note: The current data in this table consists of the Winter 2005 games. They are used to demonstrate how it works. As well these games can provide one with learn how to use it

Searching for a Specific Set of Games

A specific set of games can be searched for by using the appropriate search boxes. Using double digits you can search for a specific week (ie. 01, 02, 03, ..., 09, 10). You can also search for games that occur on a certain day (ie. 01/08/2005). You can also search for games that occur during a specific time or time of day (ie. 9:00 AM , 12:00 PM, AM, PM). As well, games of a certain age division can be searched for (ie. U10, U10B, G). In addition, games can be searched for at specific locations(ie. Akimel, MS, F08B). Also you can search for a specific referee you would like to work with by searching in one of the three referee boxes.

The search boxes can be combined to find a specific small set of games. (Note: If the search is too specific, games may not appear to exist. If the search is too broad, it will be tedious to search for games you like).

Adding Yourself to a Game

To add yourself to a game, click on the picture . You will then be taken to a page as follows. To the right of the position you would like to signup and commit to, you will find two boxes. The first is where you will input your full name or first initial and last name. The second box is for your password that you signed up with when you registered. Without this password, you will not be able to change, add, or delete yourself. Once you have inputted your name and password, you can press OK. If you change your mind about doing this game before you have clicked OK, simply click Cancel to return to the list of games. Be sure to check that you were added successfully to the game. As it will not alert you if the change/addition was successful.

Removing Yourself From a Game

To remove yourself from a game, click on the picture . You will be taken to the same page as before when adding. This time simply delete your name and input your password again. The position will be open for others once you press OK. Remember to verify that you have been removed. You will not be notified of successful or unsuccessful changes.
